14. One of the conditions laid down by G.O. No. 9.4520-79 dated 14th March 1922 is that, in revising the scale of pay of menials, there should be a saving of Rs 132 per annum. This condition is not fulfilled in this case, as Govt. itself did not insist on such a rigorous application of this rule in the Stamp Dept. (Vide paras 4 and 5 of the notes and serial 2 of this file). The proposals are otherwise in accordance with the conditions laid down in the G.O. of 14th March 1922.

2-5-23 15/2/23

15. Both the Stamp Dept. & the Manufacturing Dept. propose to retain the existing number of ~~men~~ persons without any reduction but to give them the benefit of the enhanced rates of ~~pay~~ pay involving an addition of Rs 2 per month in the former's case and of Rs 13 per month in the latter's. Sanction to

Serial

any proposal involving add
is out of question in view both of the spirit
of the original order of 11-9-22 and of the
instructions contained in the explanatory
order of 14-3-23.

To avoid extra cost the Government
are to maintain the existing scale of pay
without giving the benefit of the enhanced
minimum rate or to reduce the number
of men the remaining men the benefit
of the increased higher rate of pay.
It will be unfair to the men to continue
the existing lower rate of pay when
the need for fixing a higher rate has been
recognized by Govt. The other alternative
would be to keep down the cost by reducing the
number of higher pay to reduce the
number of ~~posts~~ menials in both the
offices. The scale in both the offices admit
of reduction.

In the Stamp Office in addition
to 6 persons on pay from 11 to 13 Rs there is
a person on Rs 11 a person on Rs 10 to
both of whom an increase of Rs 1 is proposed.
As the Supt of Stamps is ex officio Sd. Dy
Officer there is no need to allow the
Services from at his residence as in
the case of other officers. If the services of

Serial No.

this from are to be transferred to the office, the place of one parash on Rs 10 may be abolished & if one rupee increase proposed for the from may be given.

16. In the office Stamp manufacturing there are at present 3 froms and a group on (10), 3(9) B in addition to one packer & one whaler. The need for the services of 4 menials for office work in a small office like the Stamp manufacturing is not clear. The sweeping work could easily be attended by the staff on the Press & Printing Dept. The place of Sweeper may therefore be abolished and an increase of 2 ^{valued to each of the sweepers} to the from on to 2 remaining men at an extra cost of Rs 6 per month.

17. If these reductions proposed are approved then there will be a reduction of Rs 12 per month after giving the froms & the the office the increased rates of pay proposed.

In forwarding herewith two statements showing the revision and distribution of the menial establishment of this Department as called for in your letter No.O.2070/G.M.42-22-3 dated 10-10-1922, I have the honor to state that in the statement received with your letter, two menials are shown against this office. This is incorrect as there are no separate peons attached to the establishment of the Commissioner of Stamps as it is merged in that of the Inspector-General of Registration.

2. The menial establishment of the office of the Superintendent of Stamps consists, at present, of a peon on Rs.11/- and a farash on Rs.10/-. Both of them are proposed to be retained, the pay of one of them being raised to Rs.12/- and of the other to Rs.11/-. There are 3 peons, one on Rs.10/- and two on Rs.9/- in the Stamp Manufactory, besides a sweeper on Rs.9/-. These four also are proposed to be retained, one of them being given Rs.13/- another Rs.12/- and the remaining two Rs.11/- each. The revision as now proposed will involve an additional cost of Rs.144/- per year, but considering the high prices of food stuffs and other necessities of life and that particularly in Bangalore. I beg to recommend the additional expense.

I have the honor to be,

Sir,

September 1922 directing a reduction in the scale of the menial
establishment in the various Government offices in the State and
the enhancement of the scale of pay of menials.

2. Correspondence ending with letter No.C.R.5 dated 25th April
1923 from the Commissioner of Stamps forwarding a revised scale of
menial establishment for the Stamp Department.

Order No.

Dated Bangalore the August 1923.

It has been ordered by Government that retrenchment in the number
of menials should be effected before the enhanced scale of pay for
menials permissible under the Government order of 11th September 1922
read above can be sanctioned. In the Stamp Superintendent's office,
in addition to the Six Press-men on pay ranging from 11 to 13 there
is a peon on Rs.11 to whom an increase of Rs.1 is proposed. As the
Superintendent of Stamps is ex-officio officer in charge of the
State Huzur Treasury there is no need to allow the services of one
peon at his residence from this office. This peon should be transfer-
red for duty in the Superintendent's office in the place of the Pharash
on Rs.10 of this office which post should be abolished. The pay of
the peon on Rs.11 may be raised to Rs.12 as recommended.

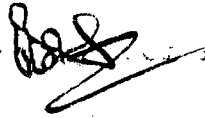

2. In the Stamp Manufactory there are at present three peons and a
sweeper, the pay of one peon being Rs.10 and that of the three others
Rs.9 each. Government consider that there is no need for the services
of four peons for office work in a small office like the Stamp Manu-
factory. The sweeping work should be attended by the sweeper of the
Government Press and stationery offices. The post of the sweeper on

27
Rs.9 of the Manufactory should therefore be abolished and an increased
of Re.2 granted to each of the remaining 3 peons.

3. The Proposition statement showing the scale of servants now as -
sanctioned is appended.
